

the 1990s, the number of people in the world who are under 15 years of age is expected to increase from 1.1 billion to 1.5 billion (United Nations 1998).

There are a number of reasons why the number of children in the world is increasing. One of the main reasons is that the number of children who are surviving to the age of 5 has increased significantly in the past few decades. This is due to a number of factors, including improved medical care, better nutrition, and a decrease in the number of children who are dying from preventable diseases.

Another reason why the number of children in the world is increasing is that the number of children who are being born is increasing. This is due to a number of factors, including a decrease in the number of children who are being aborted, a decrease in the number of children who are being adopted, and a decrease in the number of children who are being placed in orphanages.

On İki Mehmet

Mahir Ünsal Eriş

Cinayet. Ne büyük kelime. Hele de bizimki gibi küçük memleketler, bizim gibi küçük garibanlar için. Ama insan, kapısını ne zaman hangi kelimenin çalacağını bilemiyor işte. Hayat, insanı en çok kestirilemez oluşuyla yoruyor.

Bütün bunların başıma geldiği günün sabahı, çarşı içi polis ve tevatürle doluydu. Keresteci İbrahim'i öldürmüşler, diyorlardı. Sabah Gönen yakınlarında, Bezirci köyünün azıcık dışında kafası kopuk, bir çuval içinde gömülü bulmuşlar. İki haftadır ortalarda yoktu. Karısı çalmadık kapı bırakmamıştı. Benim dükkâna bile iki sefer gelip İbrahim'i sormuş, ikincide koyverip hüngür şakır ağlamıştı sümüğünü çeke çeke. Bu sabah ortaya çıkmış işte. Ehliyet bulmuşlar cüzdanından da öyle tanımışlar, kafasından hâlâ haber yok. Kadın perişan.

Terör dediler. Evvelsi hafta kahvede, DevSolcu Bayram'la kapışmışlar. Bir ıvır zıvır siyaset meselesinden, yaka paçaya gelmişler. Tam kafayı böğrüne çakıyormuş ki elinden almışlar Bayram'ın. Dev-Sol yapmış olabilir, diye söylediler. Borç meselesi dedi bir başkası.
